

Environmental Policy

MISSION: We commit that operation of sales, installation, service and support of office equipment shall work to prevent pollution and protect the environment.

REQUIREMENTS: Comply with all relevant legislation, corporate standards and other applicable requirements.

CULTURE: Ensure all staff are trained and briefed about our Environmental Management System (EMS) so that they can implement the policies and procedures in their work. Our behavior demonstrate: Team. Knowledge. Ownership.

CONTINUAL IMPROVEMENT: The effectiveness of both the EMS and the provision of our all services and products.

This will be achieved by:

- Establishing, implementing and maintaining the EMS.
- Setting and reviewing measurable environmental objectives and ensuring those objectives are met.
- Providing the necessary resources and ensuring responsibilities and authorities are determined and communicated to all employees.
- Reviewing the effectiveness of the EMS and assessing opportunities for its continual improvement.
- Ensuring everything we do is always carried out in accordance with stated methods and customers' requirements.
- Having the Environmental Policy available to all interested parties.

A handwritten signature in blue ink, appearing to read "Lars Arvidson".
