Trainer's Tips

- You may use either 3 or 5 letter codes when requesting availability, however you may not combine them.
- You may also use your GDS 'encode' or 'decode' command to check station codes.

Encode / Decode Station Codes

.CELONDON ST PANCRAS

.CDSPX

- You may check availability and make reservations up to 120 days in advance.
- Initial entries may be followed up by supplementary commands to display later or earlier services as well as return services.

The Remarks Field is for your use only and does not transmit to Eurostar.

Trainer's Tips

- You should always begin an ELGAR booking with a RECEIVED FIELD. This causes your agency phone field to move into the booking.
- Mandatory entries in a booking include NAME, ITINERARY and SEAT RESERVATION, PHONE FIELD, and FORM OF PAYMENT.
- Infants under 4 do not require reservations and travel is free. For travel 1 enfant per adult.

Fare quote 1st passenger as semi-flexible far, 2nd and 3rd as child	@4PPELR/2CHD

Trainer's Tips

- Each Eurostar fare has a 2 letter booking class as well as an individual passenger type. The booking class is selected from availability and the passenger type is used when fare quoting.
- Refer to [Fares](#) for full details of fares and booking codes. Limited information will also appear in ELGAR fare displays (see above).
- Not all adult fares are priced as AD. Check the Fares section for further information regarding fares.
- You can use the Remarks **5** Field to document fare quoted
- Fares are guaranteed only on the day of quoting.
- If more than 1 passenger is travelling, different fares (such as a Youth and an adult fare) can be booked together as long as they are in the same booking class. The passenger type for each passenger then needs to be specified when pricing.
- The child fare (age 4-11 inclusive, always CHD passenger type) can be priced with any adult fare in Standard Premier and Standard. Infants (age 0-3) do not require a reservation, and should not be included in the booking, however they are not guaranteed a seat.
- It is possible to combine Standard Premier and Standard fares of the same name and passenger type. The mean average of the two fares is calculated upon pricing.

TICKETING

Ticket Time Limits

ELGAR automatically returns ticketing time limits on completion of a PNR. This time limit is governed by how far in advance the booking is made and cannot be changed. Reservations will automatically expire after the ticketing time and date limit (TTL).

Ticketing

Ticket by post (posted to your agency up to 5 working days prior to departure)	@8TP
--	------

Ticket on Departure (TOD)

For ticket collection, customers should arrive at least 45 minutes before departure to collect TODs, and need to know their 6-character booking reference (the 8-character booking reference can also be used at e-ticket machines in the UK only).

Ticket on departure Lille and selected French stations* (1234567890123456 is the credit or debit card no.)	@7TKE (Print at Home outside 48 hours is not available. Collect from the E-machines at the stations. or if Form of ID is requested @7TKE/CC1234567890123456
---	--

*For Lille and French station TODs a customer credit or debit card number can be entered for security purposes only and is not used for payment. There is no need to specify station codes. The customer must quote the 6-letter reference and present the card if entered in order to collect tickets. For a list of French stations where this facility is available, please see A-Z [Ticket on Departure](#).

Trainer's Tips

- Any ticketing or queuing commands will automatically generate a debit to your agency.
- If a booking has been queued, but not ticketed, ELGAR does not permit an agent to make any amendments. Call eurostar4agents for advice and assistance.

Ticket Status Codes

Status	Description	Action Taken
TK	Ticket Confirmed	Ticket has been issued
TT	Transitional Ticket	Queued for ticketing
TR	Ticket Refunded	Processed for refund
TE	Ticket Exchanged	New ticket issued
TV	Ticket Voided	Manual void of ticket
TZ	Ticket Voided	Printer failure void
TX	Ticket Voided	Voided at Eurostar Point of Sale
??	Ticket Cancelled	Not yet refunded or exchanged

VOIDING

Void all live tickets (printer sites - day of issue only)	@DDVALL
---	---------

Void and re-print tickets after print failure

1	Void all tickets issued in PNR	@DDVALL
2	Enter Received Field	@6YOUR INITIALS
3	End and Retrieve	@ER
4	Reprint booking	@EZT

Trainer's Tips

- Voiding can be carried out by printer sites on the day of issue only.
- The void entry must be followed by a Received Field and then End and Retrieve.
- If you experience a print failure (tickets TZ status), ensure all tickets are voided before reprinting. Coupons voided should be marked 'Void'.
- If you are not reprinting tickets, the itinerary should be cancelled.

EXCHANGES

Quickstep

1	Retrieve booking and check status	@*JKNMDFVA
2	Cancel sector(s) to be changed	@X2
3	Enter a Received Field	@6YOURINITIALS
4	Availability (use insert @/0 when required)	@A10NOVPBNSPX
5	Sell new sector and assign seat	@01AF3#4R\$
6	Quick Re-price (value of new ticket(s) will be shown - please note before continuing)	@X4P#Q
7	Check for boarding pass/new ticket (last opportunity to ignore)	@X4F

Now read Elgar screen to check for fees.

Example

TICKETS REFUNDED/EXCHANGED - REFUND VALUE 0.00

REF/EXCH T/T TCN	NO.COUPONS	VALUE	X/R	FEE	AMOUNT	GBP
IV 519584612	1	215.00	GBP E	B. PASS	B. PASS	

- If 'REFUND VALUE 0.00' and 'B.PASS' is displayed as above, free boarding passes will be printed, and last-minute exchanges are possible.
- If a REFUND VALUE is shown, subtract this amount from that shown after the 'Quick Re-price' entry (step 6). This gives the amount to be charged to the customer, including any fees and upgrades. New tickets will be printed and last-minute exchanges are NOT possible.

Call Elgar Help Desk here for advice if necessary, before proceeding.

8	Enter form of payment where fee applies	@5\$MS/AGENT
9	Confirm cancellation	@XTX
10	Print new boarding passes or tickets (mandatory entry, even for last-minute exchanges)	@EZT
10a	Create e-tickets for new TCNs	@7TKE

Boarding passes or tickets?

A **boarding pass** is usually issued when there are no fees to exchange. It has no value and is similar to an airline 're-val'. If there is time, boarding passes should be sent to client and kept with the original ticket for travel (if there is not time, please refer to Last-minute exchanges below).

New tickets are usually issued where there is a fee or fare difference to pay (although occasionally there may be no payment due). In this case, the system cancels the original ticket, which shows as TE status in booking, and must be returned to the agent (to be stored with the cancelled tickets for auditing purposes). New tickets must be sent to the client and last-minute exchanges are not possible by the agent. For last-minute exchanges involving new tickets (if boarding pass is not displayed at step 7), please contact eurostar4agents on 03448 224334 who can process the exchange for you.

Last-minute exchanges (boarding passes only)

- Last-minute exchanges are only possible when a boarding pass is issued (**check at step 7**).
- Follow the above Quickstep and check for boarding pass(es). Print the boarding pass(es) and retain for your records.
- Advise passenger to proceed to manual check-in, present original ticket(s) and quote new train number or departure time. Duplicate boarding pass(es) will be issued, as long as check-in is open for the train.
- Where a new ticket is issued, this must be sent to the passenger and last-minute exchanges are therefore not possible. Please call eurostar4agents on 03448 224334 for assistance.
- Alternatively, last-minute exchanges can be carried out at the Eurostar station, subject to availability and ticket conditions.

REFUNDS

Full refunds and refunds of one leg of a return are now processed differently. See below on how to refund one leg of a return.

Full Refunds

- Full refunds can be completed by all printer and non-printer sites.
- Refunds must be completed within 2 months, in accordance with the ticket conditions.
- If refunding does not apply to all passengers, please divide the booking (see [Dividing](#) under Changes to provisional bookings).

To process a full refund, choose from one of the three scenarios below:

1. You have the tickets (Quickstep)

2.

1	Retrieve booking (within 2 months)	@*QSSHVT
2	Cancel itinerary	@XI
3	Enter received field	@6YOUR INITIALS
4	Quote for a refund (last opportunity to ignore)	@X4F
5	Cancel and refund ticket (you may no longer ignore)	@XTX
6	End and retrieve	@ER

2. The client has the tickets (Quickstep)

A full refund cannot be processed without the tickets, so it is necessary to cancel and refund in 2 stages. Upon refund request, cancel the itinerary following steps 1-6 (this ensures any refund before departure conditions are met).

1	Retrieve booking (within 2 months)	@*QRSUVT
2	Cancel itinerary	@XI
3	Enter received field	@6YOUR INITIALS
4	Calculate refund due (last opportunity to ignore)	@X4F
5	End and retrieve (you may no longer ignore)	@ER

Once you receive the tickets back from the client, follow steps 6-10 to complete the refund.

6	Retrieve cancelled booking (within 2 months)	@*QRSUVT
7	Enter received field	@6YOUR INITIALS
8	Calculate refund due	@X4F
9	Process refund	@XTX
10	End and retrieve	@ER

3. Tickets are queued as TOD or are e-ticketed(Quickstep)

Bookings that have been set up as a ticket on departure and are in 'telepaid' status, or e-ticket can be refunded, subject to ticket conditions, regardless of whether they have been printed or not. To refund only a part of a TOD booking, please contact eurostar4agents for assistance, as tickets must first be printed. (this does not apply to e-ticket)

1	Retrieve booking (within 2 months)	@*QQVRSU
2	Cancel itinerary	@XI
3	Enter received field	@6YOUR INITIALS
4	Quote for a refund (last opportunity to ignore)	@X4F
5	Cancel and refund ticket (you may no longer ignore)	@XTX
6	End and retrieve	@ER

Refund One Leg Of A Return

- Sites without printers - it is only possible to refund one leg of a return in some instances. It is therefore advised that sites without printers contact eurostar4agents for assistance for all refunds of one leg of a return.
- Refunds must be completed within 2 months of the travel date, in accordance with the ticket conditions.
- If refunding does not apply to all passengers, please divide the booking (see [Dividing](#) under Changes to provisional bookings).

To refund one leg of a return, choose from one of the three scenarios below:

1. You have the tickets (Quickstep)

1	Retrieve booking (within 2 months)	@*QVRUVT
2	Cancel setor(s) no longer required	@X2
3	Enter received field	@6YOUR INITIALS
4	Display record	@*R

Now check ticket numbers for '??' and continue at step A5 or B5 below:

If '??' do not precede all ticket numbers:		
B5	Quote for refund of cancelled sector (last opportunity to ignore)	@X4F
B6	Cancel and refund ticket	@XTX
B7	End transaction and retrieve. Refunded ticket should be marked 'refunded' and retained for audit purposes.	@ER

2. The client has the tickets

Check ticket conditions:

- If tickets are refundable after departure, only process the refund (following the steps above) once you have received the tickets back from the client. This must be done within 2 months of the travel date of the sector to be refunded.
- If tickets are not refundable after departure, please contact eurostar4agents for assistance.

Trainers Tips

- To maintain accurate sales accounting within your agency it is essential to print out a daily report each day.
- All bookings printed at your site or queued for ticketing will immediately appear on your daily sales report. These will automatically generate a charge against your agency account.
- Daily sales reports can be obtained for the current day and the previous 90 days.
- Bookings remain live in ELGAR up to two months after departure.

Trainer's Tips

- Each Eurostar fare has a 2 letter booking class as well as an individual passenger type. The booking class is selected from availability and the passenger type is used when fare quoting.
- Refer to [Fares](#) for full details of fares and booking codes.
- It is **extremely important** with the Any Belgium fares that the correct passenger type is entered as this is what defines the onward sectors being included on the ticket.

EXCHANGES & REFUNDS

When refunding Any Belgian stations bookings, the normal Elgar refunds process applies. Go to **Exchanges** and **Refunds** for Direct Services.

FRENCH DESTINATIONS (INCL DISNEY INDIRECT)

You can now book to over 70 French destinations through ELGAR. To gain booking access, please contact Eurostar4agents at eurostar4agents@eurostar.com, allowing 5 working days for ELGAR access and receipt of an amended contract.

Key points

- French Provinces are available to book as through fares from London, Ebbsfleet and Ashford, and connections are made in Lille, Paris or occasionally Marne-la-Vallee (customers can connect at Marne-la-Vallee for Lyon, Avignon and Bordeaux).
- Fares to Disney Marne-la-Vallee are available on direct services or via Lille. Direct and Indirect services can be combined and an average price will be calculated. Please note that connections to Disney via Paris cannot be booked on Elgar.
- A stopover of up to 24 hours is permitted in Lille and Paris.
- Night trains, couchettes, and sleepers cannot be sold through Elgar.
- **NEW!** In order to enable P@H for French provinces there are changes to be implemented to the way booking are made on Elgar which means that the passenger will be able to print both Eurostar and TGV ticket at home and will no longer need a ATB ticket. Check on the [Quickstep](#) page for P@H name rule.

Fares and booking

A typical French Provinces return booking contains 4 segments. These are made up of the Eurostar outbound service, the connecting service to the chosen destination, the returning connecting service, and, finally the Eurostar inbound service. Customers may travel out first class and back standard (if fare allows), but travel on each leg must be the same class for the Eurostar and non-Eurostar part of the journey.

The booking class for the onward journey differs from the Eurostar journey. Check on the [Quickstep](#) page to find the additional code.

CONNECTIONS

Lille

Allow minimum 25 minutes outbound and 45 minutes for return connection.

At Lille, there are two stations: Lille Europe and Lille Flandres. Eurostar trains arrive at Lille Europe and the majority of TGV services depart from there. Some services depart from Lille Flandres, which is only 600 metres from Lille Europe and can be reached either on foot or by free shuttle bus.

Although there are fewer TGV trains per day via Lille than via Paris, changing at Lille is by far the easiest way for onward travel in France, since a simple platform change is all that is required.

Paris

Allow minimum 60 minutes outbound and 90 minutes for return connection.

Eurostar services arrive at Paris, Gare du Nord station, and most TGV onward services depart from other stations in Paris. These stations can be reached by metro, RER, taxi and sometimes by bus or on foot. Details of how to reach connecting stations are below. Please note the cost of metro and RER tickets is not included in the fare.

The Paris Metro is similar to the London Underground, whilst the RER is similar to the London suburban railways.

GARE DE L'EST

Metro Line 4 (Direction Porte D'Orleans) or Metro Line 5 (Direction Place D'Italie). Approx. 5 minutes DIRECT.

RATP - Bus No. 65, 46 & 38 (allow 10 minutes).

WALK - Out of main exit and turn left. Cross over road continuing left up to crossroads. Turn right along Rue de Faubourg then left at MacDonalds! Approx. 10 minutes.

GARE DE LYON

RER Line D (D2 Direction Melun or D2 Direction Malherbes) Approx. 8 minutes, DIRECT & QUICKEST.

TAXI - takes 15-20 minutes depending on time of day.

RATP - Bus route 65 (allow 30 minutes).

GARE D'AUSTERLITZ

Metro Line 5 (Direction Place D'Italie), DIRECT.

RER Line B (Direction Robinson / St Remy) to St.Michel Notre Dame, then Line C (Direction Massy - Paliaseau / Dourdan / St.Martin). Approx 25 minutes, QUICKEST.

TAXI - takes 15-30 minutes depending on time of day.

RATP - Bus route 65 (allow 40 minutes).

GARE MONTPARNASSE

Metro line 4 (Direction Porte D'Orleans). Get off at Montparnasse -Bienvenue. Approx. 40 minutes DIRECT.

RER line B (Direction Robinson / St Remy) to Denfert-Rochereau, then Metro Line 4 (Direction Porte de Clignacourt) Approx 15 minutes, QUICKEST.

TAXI - takes 40-50 minutes depending on time of day.

RATP - Bus no.96 (allow 50 minutes).

GARE ST LAZARE

RER Line E (direction St.Lazare) alight here. On return journey take the same line, direction Chelles-Gournay or Villiers-Sur-Marne and get off at Magenta.

TAXI - takes 15-20 minutes depending on time of day.

RATP - Bus route 26 (allow 25-40 minutes).

Travelling

Important: Customers must remember to validate their tickets for travel on SNCF trains in the orange machines as they approach the platform.

If an onward connection is missed, customers should go to the ticket office, where staff will book them onto the next available train. For semi or non-flexible tickets, there may be a charge for this at the discretion of the ticket office.

QUICK STEP

A single passenger return booking to Marseille

Before following the steps below, please refer to **The French Booking Class table** which shows the equivalent French booking class that corresponds to the Eurostar booking class.

Please note that even if you can see the other classes of service when booking, they must NOT be used for Eurostar bookings.

- There is a 90 day booking horizon for French trains, 120 days for Eurostar.
- Use Encode/Decode in ELGAR to find station codes, or see [Destinations](#).
- A break of journey of up to 24 hours is permitted in Paris or Lille.
- Eurostar recommend allowing at least an hour to cross Paris, and a further 30 minutes for return check-in on Eurostar (90 minutes in total for inbound journeys)
- TGV services always have train code beginning with TG, and show RN for Reservation Needed. Non-TGV trains show RR for Reservation Recommended. Non-bookable trains show neither RR or RN.
- Where some trains appear twice in availability, the TGV have alternative train numbers. Book either service.
- When requesting minimum connection times it is necessary to specify via Paris or Lille.

- If ELGAR does not respond after a sell entry, your agency may not have requested access to French Provinces on ELGAR. Call eurostar4agents on 03448 224334.
- If the train shows neither an RR or RN on the availability screen, then it is non-bookable and can be sold using an open sector entry.
- When booking open sectors, ensure the correct Paris or Lille connecting station code is entered. Routing, times and connecting stations should first be checked by doing an availability display for the whole journey. An open ticket is produced and is valid on any non-TGV service within 24 hours of the Eurostar connection.

Pricing

The fare quote format is the same for all ELGAR reservations; a passenger type corresponding to the class of service needs to be specified. The classes of service in the Eurostar and French segments must be compatible in order to fare quote successfully. Refer to the Quick Reference Fare Guide or [Fares](#) pages for French Provinces and Disney fares and Eurostar passenger types.

- Eurostar and TGV seat reservations are compulsory. On some other services, seat reservations are not compulsory, but recommended. Codes on the ELGAR Availability screen indicate whether seat reservations are required: RN-Reservation Needed RR- Reservation Recommended
- All seat reservations made on ELGAR are included in the price of the ticket.
- All services are non-smoking.
- The seat map display on ELGAR is available for Eurostar only, and specific seats cannot be requested on French services.
- The following Eurostar seat options are also valid on the TGV: W (window), A (aisle), SOLO, DUO, CLUB2, CLUB4 and CARRE.

Ticketing

Enter form of payment and end and retrieve using ELGAR entries before ticketing as normal in ELGAR. A coupon will be printed for every segment booked. A typical four-segment booking will generate four ticket coupons but only two ticket numbers will be generated; one for the outbound segments, one for the return segments.

Ticket on Departure can be set up for St Pancras, Ebbsfleet and Ashford International, and Paris Gare du Nord using the usual entry, and for Lille and selected French stations by using a new entry. Please see [Ticketing](#) page within Direct Services.

EXCHANGES & REFUNDS

Exchanges

Eurostar sectors on a French Province booking can be exchanged in the same manner as for Eurostar Direct Services. Please refer to [Exchanges](#) page.

Following the same procedure, exchanges of the French sector(s) may generate a new ticket, rather than a boarding pass. Check at step 7 of the Quickstep for boarding passes or a refund value. A refund value indicates that new tickets will be printed and that last-minute exchanges are not possible. In this case, clients should change tickets at any Eurostar or the French departure station, presenting all ticket coupons.

Refunds

Refunds are processed in the same manner as for Eurostar Direct services. Please refer to [Refunds](#) page.

THALYS

High speed Amsterdam, Cologne, and Paris-Brussels route, point to point fares

Eurostar is delighted to announce that Thalys can now be booked on Elgar. This futuristic service is jointly run by the French, Belgian, Dutch and German Railways, and connects Paris, Brussels, Amsterdam and Cologne at high speed.

Changing trains is easy with Thalys services departing from the Eurostar arrival stations, Gare du Nord in Paris and Midi (Zuid) in Brussels.

For further timetable and product information please visit www.thalys.com

DESTINATIONS

Key destinations and journey times

Brussels to Cologne (6 departures per day)	1 hour 47 minutes
Brussels to Amsterdam (via Schipol and Rotterdam) (up to 10 departures a day)	1 hour 53 minutes
Brussels to Paris (up to 25 departures a day)	1 hour 22 minutes
Paris to Amsterdam (via Brussels) (up to 10 departures a day)	3 hours 18 minutes
Paris to Cologne (6 departures per day)	3 hours 14 minutes

Other destinations include Aachen, Schiphol (airport) and Rotterdam.

Belgian destinations - Please note that Thalys fares to Belgian stations are not bookable in Elgar as local services are more frequent.

Amsterdam route - Please note that all trains displayed on Elgar are Thalys services, however, there are also local services operating on this route. Whilst Thalys tickets will be accepted on local services (for example where connections are missed and the local service is the next quickest), open tickets to Dutch stations are not accepted on Thalys services.

German route - There are additional ICE trains and local services to Aachen, Cologne and Frankfurt. Please book ICE to Aachen and Frankfurt through Eurostar 4 Agents on 03448 242524, and for Cologne on ICE see [Cologne on High Speed ICE](#).

Paris	PBN	FRPNO
Rotterdam	ROT	NLRTA
Schipol	SCP	NLSPH

Please use normal encode and decode entries to check codes:

Encode Station	@KC/AMSTERDAM
Decode Station (3 or 5 Letters)	@KD/NLAMA

CONNECTIONS

Brussels - once you alight from the Eurostar, you need to pass through immigration into the arrivals area, and then follow the signs to Thalys platforms which are adjacent to Eurostar.

Paris - the Thalys platforms are next to the Eurostar platforms in Gare du Nord.

Connection times - Elgar will often display connections of less than 30 minutes. We recommend a minimum of 30 minutes. Please use your discretion and advise passengers booked with short connections that they will need to hurry!

Missed connections - If an onward connection is missed, customers should go to the ticket office, where staff can book them onto the next available train. Customers with non-flexible tickets may be charged or need to pay for a brand new ticket.

Lounges - Thalys 'The Card' or Eurostar 'Carte Blanche', with a proof of Thalys travel on the same day, gives access to the Thalys lounges in Paris and Brussels.

Ticket checks - Please note that Thalys tickets do not need to be validated before boarding as tickets will be checked on board.

HOW TO BOOK

Booking Thalys is simple as the fares are point to point. There is a separate fares range for Thalys, so we recommend that Eurostar and Thalys services are not combined in the same booking and that a separate PNR is created.

Before making a booking, please check the [Destinations](#) and [Connections](#) and then use the [Quickstep](#) to guide you through a booking. On this page you will find more detailed information on the steps of the booking process.

Availability

There is a 90-day booking horizon for Thalys services.

For bookings to Cologne, the availability screen will show both Thalys and ICE trains. Thalys services are denoted by **TH** to the left of the screen (see example below), and ICE trains are shown as **ES**. To book on ICE services, see [Cologne on High Speed ICE](#) guide.

Seating

There are two classes of service, Comfort 1 (1st class) and Comfort 2 (standard class).

Class	Details	Seating Options
Comfort 1	Higher degree of comfort and space. Selection of newspapers. On-board taxi booking service for arrivals in Paris and Brussels. Refreshments served at seat between Paris and Brussels, including a vegetarian option, not bookable in advance.	window, aisle, solo, duo, club4, specific seat
Comfort 2	Refreshments may be purchased from the buffet-bar.	window aisle, carre (2 passengers or more), specific seat

Seating plan - Please note that there is no seat availability display in Elgar for Thalys. Please refer to www.thalys.com for the Thalys seating plan.

Overbooking - Always **@*S** to check seat numbers. Thalys operate an overbooking service. If there is no seat number allocated and the message 'seat subject to availability' is displayed, a tip-up seat may be offered if an available seat cannot be found on board.

Pricing

Fares are sold independently from Eurostar and there is a completely separate fares range. See the [Thalys Fare Guide](#) for details on fares, booking classes and passenger types. Please note that prices displayed are subject to exchange rate fluctuations and may therefore vary. Thalys have their own fare names, which do not have a Eurostar equivalent, so it is very important to check the fare conditions and advise your client accordingly.

To check current to destinations that are not shown in the Fare Guide, or to check current prices in sterling, please check the fare display in Elgar, for example:

Display fares between Brussels Midi and Koln Hauptbahnhof	@4FBXSKOL
Display fares in AF class for route specified	@4FBXSKOL*AF

Ticketing

Ticketing options are the same as for Eurostar tickets and TODs can be set up for collection in St Pancras, Ebbsfleet, Ashford, Brussels and Paris.

When arranging TODs the customer will need to be given both the Eurostar and Thalys booking references.

EXCHANGES & REFUNDS

Exchanges

If you have a printer and there is time to get boarding passes or new tickets to client, exchanges can be processed in Elgar, using the Eurostar [Exchange Quickstep](#). However, first read below as there are a few key differences:

- Please ensure that you check ticket conditions, as Thalys ticket conditions may differ to Eurostar ticket conditions and some fares need to be exchanged before booked departure time.
- For agents without printers, please contact Eurostar4agents, who will be able to process exchanges only where there is sufficient time to send boarding passes or tickets to clients.
- Where there is not enough time to get boarding passes or new tickets to client, exchanges cannot be processed in Elgar or by Eurostar4agents and the customer should present tickets at the local Thalys or Eurostar station.
- Stations in Holland and Germany cannot exchange Eurostar bookings, so changes to a connecting Eurostar booking will need to be processed either by the agent, by Eurostar4Agents (for agents without printers) or by the local Eurostar station (ie Paris or Brussels).

Refunds

When refunding Thalys bookings the normal Elgar refunds process applies. Go to [Refunds](#) for Direct Services. You must check refund conditions carefully as these differ from Eurostar fares (e.g. the Librys fares are only 90% refundable after departure).

COLOGNE ON HIGH SPEED ICE (THROUGH FARES FROM LONDON)

Special fares are available from London and Kent to Cologne, Aachen and Frankfurt through Elgar. There are 2 daily ICE services bookable in each direction.

At speeds up to 300 km/h the ICE takes you to your destination quickly and safely, in comfortable surroundings. For further information on ICE services please refer to www.bahn.co.uk.

Ticketing

Ticketing is the same as for Direct services and a ticket will be issued for each segment of the journey. TODs are available from UK departure stations only.

EXCHANGES & REFUNDS

Exchanges

If you have a printer and there is time to get boarding passes or new tickets to client, exchanges can be processed in Elgar, using the Eurostar [Exchange Quickstep](#). However, first read below as there are a few key differences:

- Please ensure that you check ticket conditions, as only semi-flexible fares can be changed (with a fee), and changes need to be made before departure from the UK.
- For agents without printers, please contact Eurostar4agents, who will be able to process exchanges only where there is sufficient time to send tickets to clients.
- New tickets (not boarding passes) will be produced, so please ensure there is enough time to get these to the client.
- For last-minute exchanges, please call Eurostar4agents on 03448 224334.
